It's been a year since the last issue of *Entertainment Weekly*, and we've got a lot of catching up to do. So here's a quick recap of what's been going on in the DC Universe since the last time we spoke. We'll start with the new *Justice League* movie, then move on to the comic books for updates on both the new and old titles, and finally end with a look at some exciting new projects that have come and gone over the past year.

**MOVIES** *Justice League* (Nov. 17) The most buzzed-about movie of the year so far, *Justice League* has been a smash hit at the box office, grossing over \$1 billion worldwide. It's also received positive reviews from critics, with many praising its action sequences and the chemistry between the lead actors.

**COMICS** *The New 52* (Ongoing) Since *Justice League*, DC Comics has been busy launching new titles across the board, including a new *Justice League* comic book, a new *Superman* comic book, and a new *Wonder Woman* comic book. These new titles have been well-received by fans, with many praising their fresh takes on classic characters.

**TV** *Arrow* (Ongoing) The most popular superhero show on TV, *Arrow* has been a ratings success since its debut in 2012. It follows the story of Oliver Queen, a former Green Arrow who returns to his hometown of Star City after his father's death. The show has won critical acclaim for its strong performances and compelling storylines.

**VIDEO GAMES** *Grand Theft Auto V* (Ongoing) The most popular video game in the world, *Grand Theft Auto V* has sold millions of copies since its release in 2013. It's a open-world action-adventure game set in Los Santos, a city based on Los Angeles.

**ENTERTAINMENT** *Entertainment Weekly* (Ongoing) The most popular entertainment magazine in the world, *Entertainment Weekly* has been a leading source of news and reviews for over 30 years.

**BOOKS** *DC Universe* (Ongoing) The most popular comic book series in the world, *DC Universe* has been a leading source of comic book news and reviews for over 30 years.

**MUSIC** *DC Universe* (Ongoing) The most popular music album in the world, *DC Universe* has been a leading source of music news and reviews for over 30 years.

With all of these changes, it's clear that the DC Universe is in a state of flux. But despite the challenges, the DC Universe remains a vibrant and exciting place to be, with new stories and characters constantly emerging to keep us entertained.

So what does the future hold for the DC Universe? Only time will tell, but one thing is certain: the DC Universe is here to stay.

That being said, the DC Universe is still a work in progress, and there's still a lot of work to be done. But with the right team in place, anything is possible.

I hope you enjoyed this recap of the DC Universe. If you have any questions or comments, feel free to leave them in the comments section below.

See you next time on *Entertainment Weekly*!
